JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Friday - 22 June 1962

25X1

1. [] The Director met with the CIA Subcommittee of House Armed Services at ten o'clock for the regular monthly meeting. See Memorandum for the Record

25X1

2. [] Speaks to the Director about furnishing NIE 13-2-62 to the Joint Committee on Atomic Energy raising two points: First, General Carter had wished to discuss with the DCI the basic principle of supplying estimates to the Joint Committee on Atomic Energy and secondly, since it contained [] material did the Director, as a matter of policy, wish to make this particular estimate available. After discussion of the practices over the years and the excellent security of the JCAE the Director saw no basis on which we could stop making estimates available. Based on the fact that the [] material is classified "SECRET NOFORN" the Director saw no reason why they should not have this particular estimate. I indicated I planned to make the estimate available without discussing the [] situation with them and merely awaiting any possible questions.

3. [] David Martin, in the office of Senator Thomas J. Dodd, called to say that []

[] is presently in Washington. (Senator Dodd has participated in both of these conferences.) Martin said that through arrangements made by Senator Dodd, [] met with approximately fifteen senators who were most impressed by her and have indicated a desire to have her appear formally before the Foreign Relations Committee. Martin said Senator Dodd thought the Director might like to see [] while she is in town. I told Martin I would look into this and be in touch with him.
